

Monica

Max?

Family Discussion Guide

EYFP

These are some sample questions for Episode 6. Use the ones that seem helpful or interesting. You may have your own questions as well.

Vocabulary Alert!

A **budget** (say “buh-jihht”) is a plan for spending money. Kids, adults, businesses, charities, schools, governments, and even 4-H clubs all use budgets to make sure they use their money wisely. You can learn more about budgeting at go.ncsu.edu/youtube.budget.planning or go.ncsu.edu/youtube.budget.puppet. You can also visit your local bank or credit union to learn from the experts in your neighborhood!

Opening

Think of a time when someone helped you on a project. What were some of the ways that person helped?

Before you watch the video, describe Cameron’s and Monica’s idea for a service project.

What questions would you ask about the service project idea if you were in their 4-H Club?

In Episode 6, Monica and Cameron meet with Mr. Makhoul about their project. As you watch, think about the different things they learn from Mr. Makhoul.

Continued

Talk It Over

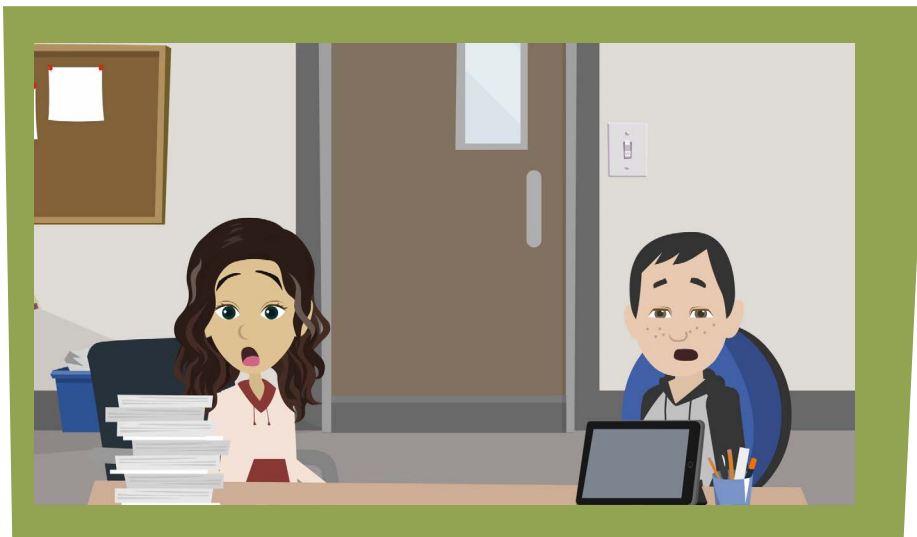

What was the goal of Cameron's original service project idea?

What were some important things that Cameron and Monica learned during the meeting?

How did the meeting change Monica's and Cameron's ideas for a service project?

Imagine that you are at the 4-H meeting with Cameron and Monica after they have met with Mr. Makhoul. What are some questions you would want to ask them before you voted on the idea? Explain.

How can community support organizations help you with your goals?

Family Fun!

What is a goal that your family would like to achieve? Why is that goal important to your family?

Successful projects start with clear goals and thoughtful planning. A vision board can help you plan. To make a vision board, use pictures and words to show what your family's goal is and why the goal is so important to you. If you have access to a computer, you can make a free vision board at [canva.com/create/vision-boards/](https://www.canva.com/create/vision-boards/).
